

2024-2025 ANNUAL REPORT

FOSTERING CONNECTIONS, INSPIRING
GROWTH, ENRICHING LIVES.

LETTER FROM THE LIBRARY DIRECTOR & BOARD PRESIDENT

Dear PFL Community,

As we look back on the 2024–2025 fiscal year, we are grateful for your support and proud of all we've accomplished together. Thanks to you, Patten Free Library continues to be more than just a library— we are a place where curiosity is sparked, connections are made, and our community thrives.

This year, our doors opened 124,787 times to visitors and we offered more than 700 programs for all ages—from early literacy storytimes to tech workshops and book groups. The Repair Café continued to grow, and our expanded remote work and study spaces proved more valuable than ever.

We also made important energy upgrades to make our library more comfortable and sustainable, including new air conditioning and heating systems, energy-efficient lighting, and rooftop solar panels.

None of this would be possible without your involvement. Whether you made a donation, volunteered, attended a program, or simply checked out a book—you helped us grow.

Thank you for being part of the Patten Free Library family.

With appreciation,

Lesley Dolinger
Library Director

Karl Albrecht
President, Board of Trustees

BUILD OUR FUTURE CAMPAIGN DONORS

The Library conducted a thorough analysis of its facilities and developed a comprehensive energy reduction and infrastructure improvement project. This initiative reflects the Library's steadfast commitment to both environmental and financial stewardship. Learn more at pattenfreelibrary.org/buildourfuture

Starting in September 2024 the Library began construction to replace the aging roof, install heat pumps, and place 55 solar panels on the new roof.

The air conditioning turned on over the summer, much to the delight of patrons and staff.

CHILDREN'S DEPARTMENT

A new family moved to Bath with four kids, all looking for something to do. Their first stop was our local library, where each child got a library card and pamphlets filled with upcoming programs. One child was especially excited about Minecraft Monday, proudly announcing he would “bring a whole Xbox to play.” We all laughed—but he meant it. Sure enough, a week later, the family returned, the eldest lugging a full gaming system. After receiving praise from the librarians for his dedication, they headed upstairs, and the club went off without a hitch. Afterward, the volunteer who runs the club came down to say the kids were thrilled by the setup, and they had even figured out how to stream the game on our AV system so everyone could watch.

The whole family was delighted and has returned many times for all kinds of programs. We're lucky to have such enthusiastic patrons and proud to offer a space where kids can share their interests and joy with others.

TEEN SPACE

One of our hopes for the teen space is to empower teens to take the lead in planning and running their own programs, and we were lucky to see that vision come to life when Kai Chretien approached us with an idea for a Minecraft club. While the library already offers a Minecraft program for younger kids, Kai wanted to create a space for slightly older players, specifically ages 8–12—an age group that often falls between the children's room and the teen space. It was a perfect opportunity to support a teen-led program while also serving a group that doesn't always have targeted offerings.

Kai handled nearly everything himself: he chose the dates and times, set a clear goal, created a dedicated email account for communication, and even designed and posted his own flyers around town. With a mix of in-person and digital participation, the group met in the teen space every other week for six sessions. We're so proud of what Kai accomplished and hope to see the program return in the fall.

PROGRAMMING

**"I JUST WANT TO BE INVOLVED. IT'S JUST ONE OF THE THINGS THAT'S RIGHT IN THE WORLD!"
-AMY, REPAIR CAFE VOLUNTEER**

At our first Repair Café in November 2022, Juniper brought in a broken handheld gaming device. Volunteers offered guidance, and though it couldn't be fixed that day, she left with next steps—and a spark of inspiration. Over two years, Juniper turned the project into a homeschool engineering challenge, returning often for help from volunteer mentor Oscar. Today, her mom Amy volunteers too, mending knitted items and giving back to the community that supported them. For both, the Repair Café has become more than a place to fix things—it's a place to grow.

HISTORY ROOM

One of the primary focuses for the History Room over the past year has been revisiting the ways in which the archive engages with its community partners and contributes to the library's mission. In September of 2024, the History Room partnered with the Brightfield School for a two week long unit teaching students about genealogical and historical research and how to utilize primary and secondary sources. The occurrence of the 21st annual Town History Series also precipitated discussions around how best to update the event to meet the contemporary needs and interests of the service area communities while preserving the essence of the lecture series which has become a pillar in PFL's programming schedule.

Brightfield School students learning genealogical and historical research skills and the use of primary and secondary sources.

VOLUNTEERS

Home Delivery, Repair Cafe & Spelling Bee volunteers

Volunteers are essential to our mission. Whether helping shelve books, support programs, or assist with special events, volunteers keep the library running smoothly. Their time and energy strengthen daily operations and help the library extend its impact far beyond its walls—creating a place where everyone can connect, discover, and grow.

131 PEOPLE VOLUNTEERED 6,111 HOURS!

The value of a volunteer hour was \$34.79 in 2024. That's a value of \$212,602 for PFL.

“Volunteering gets me out of the house and into the community. The City of Bath is all about building community and connections. At the heart of this sacred mission is the Patten Free Library. What is there not to like in this contribution?” Denis, Friends Volunteer

FRIENDS OF THE LIBRARY

BOARD

Maggie Webbert, **Acting President**

Vicki Tanko, **Vice President**

Julie Carleton, **Treasurer**

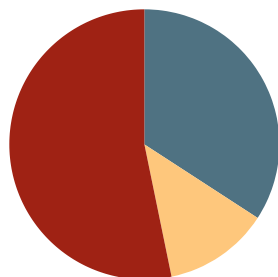

Jim Atherton, **Secretary**

The Friends provide vital support through fundraising, volunteerism, and advocacy. For fiscal year 2024-2025 they pledged to make a \$17,000 donation. To achieve this goal, they operated the year-round *library bookstore* (located on Front Street in Bath), held a successful membership drive, organized popular events like the Spring into Summer and Heritage Days Book Sales, and supported staff at annual fundraising events *A Night at the Patten* and the *Spelling Bee*—raising essential funds for the library programs. **The Friends play a vital role in our success.**
